WORK SAFE

STANLEY Rounded Tip Bi-Material Single Pull Cutter

STHT10357-0

- Completely recessed blade helps reduce risk of injury
- Rounded nose ideal for cutting through shrink wrap and film, while reducing the risk of damage to internal contents
- Slip-resistant bi-material grip for comfort and control
- Integrated metal tape splitter pierces and cuts through thick layered tape in one motion
- Lightweight construction helps reduce user fatigue
- Lanyard tether for easy transportation, security or storage

Description:

The STANLEY Rounded Tip Bi-Material Pull Cutter has a completely recessed blade with a rounded nose ideal for cutting through shrink wrap and film. It features an integrated metal tape splitter and slip-resistant bi-material grip. The lightweight design helps reduce user fatigue when working continuously with cutting tools in a fast-paced environment. The safety cutter reduces the risk of cuts, lacerations, and punctures on the job.
