

# Well within Reach

The Eppendorf Pipette Holder System

# Pipette Stand 2 and Charger Stand 2

Protect your precious liquid handling device from possible damage, contamination or chemicals spilled on the bench. The stands for single instruments have a robust design and securely hold one manual or electronic device. With the Charger Stand 2, your Eppendorf Xplorer®, Eppendorf Xplorer plus or Multipette® E3/E3x is always fully charged and ready for use. The completely new Pipette Stand 2 carries one Eppendorf Multipette M4. This stand is also perfect for one single or multi-channel Eppendorf Research® plus or Eppendorf Reference® 2 pipette when used with the corresponding pipette holder.

## Perfection Down to The Smallest Detail

Rotatable holders carry all current manual Eppendorf pipettes and most predecessors.

Pictograms clearly label pipette holders and charger shells for easy assignment in the lab.

Fast interchangeable pipette holders and charger shells, no tool required.

Downwards compatible holders for Eppendorf Research and Reference manual pipettes.

Large carrying handle for easy transport of carousels from bench to bench.

Large rubber feet protect carousels and stands from liquids spilled on lab bench.

## Pipette Holder 2 and Charger Shell 2

Choose from a broad range of holders for all current manual and electronic Eppendorf liquid handling instruments and most predecessors. Place your pipette and Multipipette where you need them: Mounted to a wall, on the shelf above your bench or inside

a biological safety cabinet. In addition, all holders can be inserted into Pipette Carousel 2. Charger Shells for installation into Charger Carousel 2 are available as well.

Robust electrical contacts designed for long operational lifetime without the need for replacement.

V-shaped charging contacts ensure stable electrical connection between charger shell and electronic device.

Cord wrap functionality for unused power cord keeps your lab bench nice and tidy.

A small footprint with a diameter of 18.5 cm makes stands and carousels ideal when space is at a premium.

Intelligent charging electronics keeps an eye on up to six Eppendorf Xplorer pipettes or electronic Multipipettes.

Quick-release magnetic power connector protects pipettes and Multipipettes from falling.

# Pipette Carousel 2 and Charger Carousel 2

Keep all your Eppendorf pipettes and Multipipettes well within reach. The Pipette Carousel 2 for manual pipettes and the Charger Carousel 2 for electronic devices offer more flexibility and more capacity than ever before.

The Eppendorf Pipette Carousel 2 carries up to six manual single or multi-channel Eppendorf pipettes. Single pipette holders can be mounted to the carousel in two orientations turned by 180 degrees to each other to store all current and most predecessor manual pipettes. This includes Eppendorf Research, Research plus, Reference, Reference 2 and Biomaster®.

The Charger Carousel 2 offers 50% more capacity than before and holds up to six electronic Eppendorf Xplorer or Xplorer plus pipettes. When used with optional charger shells the carousel can carry up to six Eppendorf Multipipette E3/E3x or Multipipette stream/Xstream. In addition to electronic devices, the Charger Carousel 2 is also perfect for manual Eppendorf pipettes when used with optional pipette holders.

## More flexibility

- > Carousels carry all kinds of Eppendorf pipettes and Multipipettes
- > All manual Eppendorf pipettes fit into one rotatable holder

## More capacity

- > Charger Carousel 2 for up to six electronic devices
- > Carousels carry both manual and electronic devices

## More convenience

- > Interchangeable pipette holders, no tools required
- > Cord wrap functionality for unused power cord

## More user safety

- > Magnetic power connector for fast and easy connection
- > Large rubber feet protect carousels from liquids spilled on bench top
