

Forklift hooks single

Application:

As an add-on unit for all types of stacker.

Execution:

- The rotating and pivoting compact hooks are attached outside the dovetail opening. Thereby, the dovetail opening can be fully utilised and there is no jamming of the stacker dovetail on inclined pulling
- Effortless conversion into a safe lifting device
- Your forklift truck can effortlessly be transformed into a safe hoist

Art. no.	77185 032
Load-carrying capacity	3150 kg
Design	Simple
Internal width	145 mm
Interior height	65 mm
Colour	Orange
Gross Weight	7.500 kg
Product Group	7EH
