

Product Datasheet

Product code: **E5250.CR.BG**

Product type: High Precision Cutters

Made in: Switzerland

Description: The 5250 is a high precision cutter belonging to the oblique head cutter family. The angled blade geometry supports the operator's ergonomics during the cut. The full-flush cutting edge is suitable to perform very clean cuts on small size material. The 5250 is equipped with an ESD Ergo-tek handle which allows an excellent grip, suitable to environments and to components susceptible to electrostatic discharge. The blades are hardened to 67HRC hardness.
