

Hot air blower HGE 23-650 LCD

2300 W

metabo[®]

Application:

For removing paint, shaping, shrink-fitting and welding.

Execution:

- High-quality ceramic heating
- With LCD display to enable precise adjustment of the temperature and air flow to suit different materials and applications

Advantage:

- Safe stationary working thanks to large non-slip base
- Programmable settings for recalling frequently recurring tasks

Delivery:

Wide-jet nozzle (50 mm), reducing nozzle (9 mm) and reflector nozzle; in metaBOX

Art. no.	71172 018
Brand	METABO
Manufacturer Part Number	603065500
Model	HGE 23-650 LCD
Manufacturer Article Number	603065500
Min./max. air current	150-500 l/min
Min./max. blower temperature	80 to 650 °C
Power input	2300 W
Weight	0.7 kg
Gross Weight	2.600 kg
Product Group	745

EAN

4061792186095
