

Wooden safety floor grid with brushes

ATORN®

Application

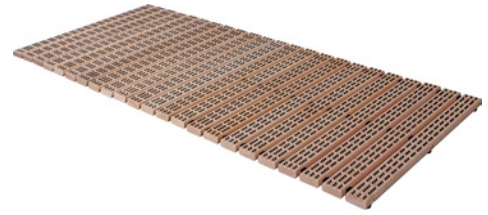

Suitable for dry work areas and industrial workstations, especially for tool machines, CNC machines, workbenches.

Version

- Made from sturdy, corrugated beech wood strips with integrated brushes, connected with a steel cable
- Anti-slip and non-skid due to elastic rubber feet
- Weight: approx. 14 kg/m²
- R12 slip resistance
- tested by MPI Materialprüfung and Sicherheit GmbH & Co.KG for slip resistance
- (R12) and displacement space (V10)

Advantage

- Resistant to oils, acids and hot chips
- Integrated brushes to enhance cleaning effect and slip resistance
- With rubber layer to relieve the muscles of the legs and the back, it has a performance-stimulating and health-promoting effect on employees working on the machine
- The wooden grating guarantees secure footing and protects the valuable industrial floor

Art. No.	50229 328
Surface structure	Grooved
Material	Beech
Length	2000 mm
Width	800 mm
Height	35 mm
With levelling wedge	No
Resistance against	Oil, Acid, Fats, Petrol, Coolant
Min. temperature resistance	-30 °C
Max. temperature resistance	120 °C
Suitable for wet areas	No
Anti-fatigue	Yes
Non-slip	Yes
Colour	Light brown

EAN-Code
