

Abrasive roll magazine

Empty

Application:

For sorted storage and metered supply of sanding belt and abrasive cloth.

Execution:

- Robust magazine (with a hammered enamel finish)
- Complete with tear-off device and fastening material
- Empty, for 5 rolls of 25 to 50 mm width and max. 50 m length

Advantage:

- The right sanding belt or abrasive cloth always kept close to hand
- Ensures economical use
- Enables fresh supplies to be provided in good time
