TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

AMPLIMITE Crimp Snap Housing Assemblies

Description of Changes

Slightly increasing (by about 0.1mm) the flange thickness dimension on the drawings to reflect the actual parts.

Reason for Changes:

Product Improvement. There have are several different flange thickness on various drawings. In tracking the actual part flange thickness we realized that the tolerances were not covering the entire range of readings. So the thicknesses have been increased by a maximum of 0.1 mm on the drawings.
