Date:	1 st May 2018
Title:	Yagi 2.4Ghz antenna change

Product Identification:	YAGI-16 2.4G
--------------------------------	--------------

Reason for change: Design Logistics Quality / Reliability Material
Other

Change description:

LPRS's part number YAGI-16 2.4G antenna is being changed to YAGI-14 2.4G to represent a change to the design and the DBi gain. In future the antenna shall be a 14 element and a 14DBi gain.

Identification method to distinguish change:

A part number change is required - New part numbers: YAGI-14 2.4G

Qualification data: Available Not applicable

Samples: Prototypes available Will be available Not applicable

Quantifiable Impact on Quality & Reliability	None
---	------

Implementation Date*:

Shipment of new version shall take place from 1st May 2018.

*The Estimated Implementation Date is the forecasted date that a customer may expect to receive changed product. This is determined by the estimated date of inventory depletion on the PCN issue date. This may be affected by fluctuations in supply and demand. Consequently, although customers should be prepared to receive changed product on this date, LPRS will continue to ship pre-changed product until a time in which inventory has been depleted. This may result in pre-changed product being shipped to customers after this forecasted date.
