

Cemented carbide milling bit

shaft diameter 6mm

Application:

For deburring, roughing, finishing work and post-processing on cast parts, roughly machined workpieces or welding seams - can be used in hand-guided or on stationary machines.

Art. no.	76011 086
Brand	BIAX DRUCKLUFT
Manufacturer Part Number	001952293
Form	Cylindrical
Cutting edge length	25 mm
Length	70 mm
Serration type	63
Model	TCA 1206
DIN	8033
Gross Weight	0.050 kg
Product Group	761
