

Adjustable Clamping Levers · with screw

24400.0274

Product Description

Adjustable clamping levers find versatile applications when the area of use is confined or a specific lever position is required.

Material

Lever

- Zinc die-cast, plastic coated, black, similar to RAL 9005, matt structure

Inner parts

- Steel, blackened, quality 5.8

Screw

- Steel, blackened, quality 5.8

Operation

By lifting the lever the serrations are disengaged. The lever can be positioned by the serrations. On releasing the lever, the serrations are automatically re-engaged.

More information

Notes

The screw part can be exchanged.
