

DATA SHEET	52004280
SKINDICHT® SKZ / SKZ-XL	valid from : 14.01.2011

The SKINDICHT® SKZ is a saddle clamp strain relief gland for row applications. The arrangement of the saddle clamps provides a wide clamping range with central cable clamping. The seal is achieved by a recessed sealing ring and an O-ring fitted onto the connecting thread. This cable gland is particularly suitable for use in plugs, switches and control panels.

The SKINDICHT® SKZ-XL is similar to the SKINDICHT® SKZ, but has an extended connection thread for thick walls.

The gland make-up consists of:

Gland body	nickel-plated brass
Cap with double clamp	nickel-plated brass
Incised seal	CR
O-ring	NBR

Technical features:

Connecting thread:	PG 9 - PG 29 in accordance to DIN 40 430
IP protection:	IP 55, tests in acc. to EN 60 529
Temperature range:	- 20° C to + 80° C

Note:

Counter nut be used SKINDICHT® SM
For additional accessories see SKINDICHT® EV

For more information please see our current catalogue.
Please do not hesitate to contact our laboratory if there are any questions regarding resistance against aggressive agents and special oil.
