

TONER FOR USE IN

Canon iR-1435i, 1435iF, 1435P
(type C-EXV50, GPR-54)

The Canon ImageRUNNER 1435i, 1435iF and 1435P machines are A4 Multifunctional devices designed for cost conscious businesses and provide fast and efficient monochrome output at up to 35ppm and 1200x1200dpi. The compact design allows them to perfectly fit into various office environments as as desktop or floor standing devices.

These MFPs are made for small busy workgroups and combine the capabilities of multiple devices into one and offer cost efficient output. Document handling is effortless with intuitive operation and colour scanning. Further flexibility is provided through mobile printing and scanning capabilities as well as the ability to directly scan to or print from USB memory. Also an automatic meter collection and other useful management tools are included.

Printing-cost and total cost of ownership of these powerful production devices can be significantly reduced without compromising on image-quality or performance by using CROSS Imaging-Supplies' Premium Quality compatible toner (made in Japan).

ADVANTAGES & BENEFITS

- OEM equivalent fusing-performance and longevity
- Significant reduction of cost per copy
- Sourced directly from the manufacturer in Japan
- Technically supported by the manufacturer
- Also as bulk toner available for local filling (bulk toner CA-14)
- Competitively priced premium quality product
- Deliverable from our Warehouse near Stuttgart/Germany
