

Micrometer set

Micromar 40SA

Application:

For measuring, e. g. shaft diameters, external dimensions on workpieces etc.

Execution:

- Scale with anti-glare, brushed chromium plated finish
- Carbide measuring faces
- Ratchet for consistent, repeatable measuring force
- Steel bracket, brushed chromium-plated
- Including setting gauges

Delivery:

In case

Art. no.	31332 450
Brand	MAHR
Manufacturer Part Number	4134051
Min./max. length measuring range	100-200 mm
Measuring spindle increments	0.5 mm
Measuring surface diameter	6.5 mm
Spindle clamping	Yes
Number of bracket measuring screws	4
Number of setting dimensions	2
DIN	863
Calibration Group	D, E
Gross Weight	10.470 kg
Product Group	305

EAN

4059192003739
