

Parallel vice

With front opening action, steel-forged

Execution:

- With forged on pipe clamping jaws
- Large deep clamping option
- Easy-to-adjust central guide
- Precision spindle bearing with double trapezoidal thread
- Hardened, changeable steel jaws with smooth and ribbed sides

Advantage:

- Completely forged from steel, guaranteed to be unbreakable
- Spindle protected from dirt and damage by covering
- Large guide surfaces machined on all sides guarantee precision and a long service life

Art. no.	51042 250
Brand	HEUER
Manufacturer Part Number	101160
Jaws width	160 mm
Min./max. clamping width	0-225 mm
Clamp in depth	100 mm
Weight	27 kg
Colour	Blue
Min./max. pipe diameter	27-100 mm
Gross Weight	27.500 kg
Product Group	513
