Overview

- In efforts to fortify the material supply chain, Molex is adding a new alternative source / resin material into the AVL
- Molex team will take necessary qualification action to ensure the product using the new source material meets the same form, fit, and function requirements as defined in the current Molex product specification and sales drawing.
- **Product Impact**- Material grade does not change, "no impact to fit, form, function".
- **Part Number Impact** - see attached impacted parts list
- **Qualification report will be available upon request after 2024/10/20. Request for report must be raised by 2024/10/20. Submissions will not occur without request.**
 - If report requested, disposition response required within 5 days of report submit date or it will be considered approved.
 - If no report requested by 2024/10/20, the PCN will be considered approved.
