

Precision electronics pliers ESD

Round, pointed jaws

Application:

For bending grommets with different radii for wire-shaped materials.

Execution:

- Chrome-vanadium ball-bearing steel, forged
- Burnished pliers (anti-glare), polished head
- Smooth-ground gripping surfaces, edges finely rounded
- Smooth double spring for gentle, even opening action
- Bolted joint and precision-made joint surfaces

Advantage:

- Weighs 20% less than conventional electronics pliers and enables safe, ergonomic and fatigue-free working thanks to 2-C handles
- Dissipative handles

Art. no.	53120 060
Brand	KNIPEX
Manufacturer Part Number	34 32 130 ESD
Length	135 mm
Surface	Plain
Material of handle	2-component plastic
Head design	Round, Pointed
ESD-capable	Yes
Gross Weight	0.059 kg
Product Group	535

EAN

4003773061670
