Typ. black/white behavior

- Range [mm]
- Reduction of range [mm] y A B C D
 - White 90%
- Gray 50%
- Gray 18% Black 6%

Fading: black/white error < 50 %

The black/white error is calculated from the operating range against white and the reduction of the

operating range against black:
black/white error = reduction of the operating range against black / operating range against white x 100%
