# **SR0150**

### **Control monitor for flow sensors**

Application

| Application                               |      | Flow monitoring; Temperature monitoring; Wire monitoring   |  |
|---|------|--|--|
| Electrical data                           |      |  |  |
| Operating voltage tolerance               | [%]  | -2010  |  |
| Operating voltage                         | [V]  | 24 DC  |  |
| Current consumption                       | [mA] | 90   |  |
| Protection class                          |      | III  |  |
| Reverse polarity protection               |      | no   |  |
| Power-on delay time                       | [s]  | 1080; (adjustable (fixed-value resistors terminals 22-23))   |  |
| Number of channels                        |      | 1  |  |
| Outputs                                   |      |  |  |
| Performance in case of a fault            |      | In case of undervoltage all relays are de-energised; the LED "LOW VOLTAGE/WIRE BREAK-RELAY" lights |  |
| Electrical design                         |      | relay  |  |
| Contact rating                            |      | 4 A (250 V AC / 30 V DC)   |  |
| Switching function flow monitoring        |      | relay energised when flow is present and during the power-on delay time                            |  |
| Switching function temperature monitoring |      | relay energised when temperature is exceeded   |  |
| Switching function wire break monitoring  |      | relay de-energised in case of wire break or short circuit  |  |
| Short-circuit proof                       |      | no   |  |
| Overload protection                       |      | no   |  |

# SR0150

## **Control monitor for flow sensors**

| Response times                        |      |  |          |
|---------------------------------------|------|--|----------|
| Response time                         | [s]  | < 3  |          |
| Software / programming                |      |  |          |
| Adjustment of the switch point        |      | potentiometer  |          |
| Selection liquids / gases             |      | wire bridge; on delivery: monitoring of liquids.; for monitoring of gases: link terminals 23 / 24. |          |
| Switch point setting                  |      | potentiometer  |          |
| Temperature range                     | [°C] | 080  |          |
| Repeatability of the set switch point | [K]  | 4  |          |
| Operating conditions                  |      |  |          |
| Ambient temperature                   | [°C] | -2060  |          |
| Note on ambient temperature           |      | in case of sufficient free space for convection cooling  |          |
| Protection                            |      | IP 20  |          |
| Tests / approvals                     |      |  |          |
| MTTF [years]                          |      | 263  |          |
| Mechanical data                       |      |  |          |
| Weight                                | [g]  | 237  | 7.5      |
| Housing                               |      | housing for DIN rail mounting  |          |
| Dimensions                            | [mm] | 100 x 25 x 103.5   |          |
| Materials                             |      | PBT  |          |
| Displays / operating element          | ts   |  |          |
|                                       |      | function   | 11 x LED |
| Display                               |      | switching status   | LED, red |
|                                       |      | switching status   | LED, red |
| Electrical connection                 |      |  |          |
| Required protection                   |      | miniature fuse to IEC60127-2 sheet 1; ≤ 5 A; fast acting   |          |
| Remarks                               |      |  |          |
| Remarks                               |      | Recommendation Check the safe functioning of the unit after a short circuit.                       |          |
| Pack quantity                         |      | 1 pcs.   |          |
