

53-5420

Medium weight cut resistant
foam nitrile palm coated glove

The 53-5420 is our best selling medium weight NBR glove.

A black foam nitrile coating to the palm and fingers provides excellent grip even when handling slightly oily parts.

The cut level E seamless knitted liner provides a close and comfortable fit, maximising dexterity and reducing hand fatigue. Typical applications include assembly work, metal stamping, automotive production, glass handling and processing.

Features & Benefits

- EN388: 2016 level E cut resistance
- Rhino Yarn™ cut resistant technology
- Excellent dry and oil grip
- Palm coating repels oil and liquids
- Highly breathable liner and coating
- EN407 contact heat level 1

Applications / Industries

- Assembly
- Automotive industry
- Metal fabrication / stamping
- Glass manufacturing
- Transportation
- Construction

Antistatic according to the requirements of EN 1149-5 : 2008
using EN 1149-3 : 2004 induction charging test method.

RHINOYARN®

Made with Tilsatec Rhino Yarn technology. Produced in the UK and developed by Tilsatec's specialist team of yarn technologists to deliver the optimum in performance and comfort.

Tilsatec | +44 (0)1924 375742 | info@tilsatec.com | www.tilsatec.com

For businesses who want expertise they can rely on to keep their people safe, Tilsatec offer high performance hand and arm protection. We manufacture our own proprietary cut resistant yarn - the primary source of mechanical protection, on site in the UK. This means we can deliver maximum performance in every fibre of what we do. Because when our gloves perform at their best, your people can perform at their best.
