### Description

Warmth, Comfort, Well-being, Durability, Serviceability thermal protection underwear in Zargun® fibre.

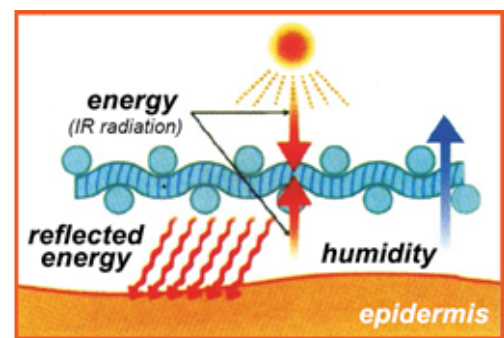

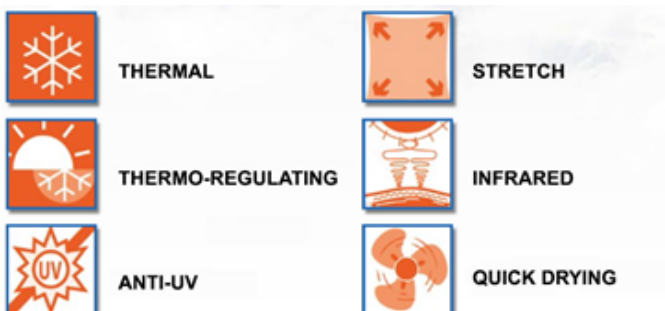

UNDERPANTS - UNDERSHIRT - NECK SCARF

Zargun® is a natural barrier against infra-red rays which come from an external source or the human body.

**Applications** External work in winter and when very cold, forklift driver work in refrigerated areas, agri-food industry, Building, public Works, Collectivities.

### Characteristics

- Durable molecular thermal comfort
- Durable mechanical elasticity
- Humidity evacuation
- Serviceability, a soft touch
- A special thread in cross-sections enables humidity to be evacuated and keeps the body dry

The human body emits heat
