## RS PRO Zinc Alloy 5 way Control Cabinet Key

RS Stock No.: 439-3025

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

This RS PRO multi-purpose cabinet key tool is a compact, yet durable tool designed for use with a wide range of applications including locking systems and valves. It features four arm positions that allow five different drive possibilities, providing a versatile and high quality tool. This universal cross key is manufactured from zinc alloy, offering excellent durability and corrosion resistance. This zinc die-cast hand tool is compact and easy to carry and store, providing an excellent tool for various maintenance applications.
