

Anti-EMI components kit

Characteristics :

- a must for design and test purposes
- in sturdy metal case, completely labelled
- custom made kits available

Applications :

- Sample case
Order Code: 742 711
- contains 51 different components:

Description	Order Code	Qty.
CE key	7427	3
Cover cap, 9 pins female	74271112	1
Cover cap, 15 pins male	74271113	1
STAR-TEC with safety lock	74271131	1
Cover cap, 9 pins male	74271132	1
Cover cap, 25 pins female	7427114	1
STAR-TEC with key technology	74271142	1
Cover cap, 15 pins female	7427122	1
STAR-TEC with safety lock	74271221	1
STAR-RING with safety key technology	74271222	1
Ferrite ring with nylon clamp	7427130	1
Ferrite ring with nylon clamp	7427131	1
Ferrite ring with nylon clamp	7427132	1
STAR-FLAT with safety key technology	7427133	1
STAR-FLAT with safety key technology	7427134	1
Sleeve choke	7427135	1
STAR-RING with safety key technology	7427151	1
STAR-RING with safety key technology	7427153	1
SMD ferrite	7427154	1
SMD ferrite	7427155	1
EMC copper foil	74271612S	1
Ferrite ring with plastic case	74271622S	1
EMC copper foil	74271632S	1
Ferrite ring with plastic case	74272000	1
Ferrite ring with plastic case	7427202	1
Ferrite ring with plastic case	74272041	1
SMD ferrite	7427246	1
SMD ferrite	7427247	1
SMD ferrite	74272475	1
SMD ferrite	7427248	1
6-hole ferrite bead	74272590	1
6-hole ferrite bead	74272591	1
