

Sanding belts

metabo®

Application:

For grinding and deburring metals, unalloyed and low-alloy steels, cast iron, aluminium alloys, brass, bronze, hard metallic layers, rubber, plastics etc.

Execution:

- Suitable for universal use.
- High-quality sandpaper (synthetic corundum) with dense grain distribution, high removal rate and long service life.
- The triangular, precision-shaped abrasive grain achieves a uniquely high grinding performance

Advantage:

- Efficient machining with fast work progress, long service life, less heat introduced into the workpiece and a lower power required by the tool drive due to VICTOGRAIN abrasive grain.
- High tear resistance with optimal flexibility.
- Consistent work results due to very good grain adhesion.

Art. no.	70583 310
Width of tape x length of strap	50 mm x 1020 mm
Manufacturer Article Number	629065000
Grid size	100
Material of abrasive medium	Corundum
Scattering	Close scattering
Included in delivery	3 pcs.
Container	Sanding belt
Product Group	745

EAN

4007430202208
