

Workbench top panel

Execution:

- Beech plates: Made of damped beech sticks, waterproof glued, edges broken, surface ground, oiled and waxed. The plate is splash-proof, dirt-resistant and largely impervious to oil and grease. Exclusive pre-assembly and fastening material. These must be ordered separately, depending on the base.

Advantage:

- Made of damped beech sticks, waterproof glued, edges broken
- Surface sanded, oiled and waxed

Art. no.	50304 853
Brand	LISTA
Manufacturer Part Number	89.698.000
Design	Standard
Width	2500 mm
Depth	800 mm
Material of worktop	Solid beech
Gross Weight	74.000 kg
Product Group	5AN
