

Door coupling rotary handle, black, lockable, size 2, NA type

Part no. NZM2-XTVD-NA Article no. 271446 Catalog No.

## **Delivery programme**

| Function                     | Standard, black/grey                                                                                                                                                                               |
|------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Protection class             | IP66<br>UL/CSA Type 4X, Type 12                                                                                                                                                                    |
| Locking facility             | lockable on the 0 position on the handle using up to 3 padlocks With door interlock                                                                                                                |
| Door interlock               | Not defeated in the locked OFF position.  Door opens only with active rotation beyond the 0 position                                                                                               |
| Project planning information | Complete including rotary drive and coupling parts Extension shaft additionally required. Cannot be combined with mechanical interlock External warning plate/designation label can be clipped on. |
| For use with                 | NZM2, N2                                                                                                                                                                                           |
| lockable                     | single                                                                                                                                                                                             |
