

Swivel stool

With tool tray

Application:

For comfortable working in seated position, with tool and small part storage options right by the seat.

Execution:

- Seat area with practical release ring below seat, which makes the seat infinitely height-adjustable thanks to a pneumatic spring
- High-quality tool tray with 5 compartments
- Large wheels prevent tipping (diameter 75 mm)

Advantage:

- Small parts and tools can be stored and kept in the practical tool trays

Art. no.	50120 040
Manufacturer Part Number	3528.12
Load-carrying capacity	120 kg
Material of frame	Steel/plastic
Min. seat height	410 mm
Max. seat height	540 mm
Seat diameter	350 mm
Base frame colour	Black
Adjustable in height	Yes
Base frame design	Tray with rollers
ESD-capable	No
On castors	Yes
Gross Weight	7.000 kg
Product Group	504
