

Precision circlip pliers, 90° angled

For inner retaining rings

Application:

For mounting and removing inner retaining rings in drill holes.

Execution:

- Chrome-vanadium electric steel, forged, oil-hardened
- Inlaid tips, spring steel wire, drawn

Advantage:

- Safe working processes with inlaid tips
- For heavy-duty use, even in continuous operation, up to 10x longer service life compared to turned tips

Art. no.	53091 570
Brand	KNIPEX
Manufacturer Part Number	48 21 J21
Type	J 21
Length	170 mm
Suitable for min./max. diameter	19-60 mm
Head design	Angled 90°
Surface	Grey atramentised
Material of handle	Polyvinyl chloride
DIN	5256
Gross Weight	0.177 kg
Product Group	535

EAN

4003773048640
