DVC 110-P; DVC 1000-P;
DVC 1000-UI;
DVC DIN RAIL FIXING KIT;

Change:

➤ ***Description of the technical change:***

Change of the location for the production. All parts and sub-assembling composing the products are still coming from the same suppliers as before. The only difference is the final assembling and tests done in LEM's Bulgarian production center located in Sofia.

The complete products will be built in LEM Bulgaria (Sofia).

The models DV 1000 CAL and DV 4200/SP3 CAL will be manufactured in LEM Bulgaria but then still be calibrated in Geneva.

➤ ***Reason of the technical change:***

Market requirement

Life Energy Motion

Impact on the product:

- On the form: NO
- On the fit: NO
- On the function: NO
- On the reliability: NO
- On the data sheet: NO

Schedule of the modification:

Start of delivery of modified product	End of production in LEM Geneva: Mid November 2020 Start of production in LEM Bulgaria: January 2022
---------------------------------------	---

Life Energy Motion

Customer feedback:

To ensure a smooth change, and in order to answer to any of your requirements issued by this change, please fill in the **Customer Return Sheet** (Annex 1 on page 5) and send it back to us **following 30 days at the latest.**

In case we do not receive any answer **following 30 days at the latest**, we will assume:

- Your acceptance to the change.
- No need for samples
- No additional need.

Please return the Customer Return Sheet to:

LEM

Mail to:

After customer acknowledgement, lack of additional customer response within the time defined until the change implementation constitutes acceptance of the change by the customer.

Sincerely yours,

Stéphane ROLLIER
Product Manager
