

DATA SHEET	52004230
SKINDICHT® SK	valid from : 26.05.2003

The SKINDICHT® SK is equipped with two solid brass clamping cleats, which guarantee reliable strain relief. The arrangement of the double cleats provides a wide range with central cable clamping.

This cable gland is particularly suitable for use in plugs, switches and control panels.

SKINDICHT® SK glands are corrosion and seawater- resistant.

The gland make-up consists of:

Cap	nickel-plated brass
Double cleat	nickel-plated brass
2 thread screws	nickel-plated brass

Technical features:

Connecting thread:	PG 9 - PG 29 in acc. to DIN 40 430
Temperature range:	- 20°C to + 200°C

For more information please see our current catalogue.

Please do not hesitate to contact our laboratory if there are any questions regarding resistance against aggressive agents and special oil.
