

Drawer

For installation in the cabinet housing

Application:

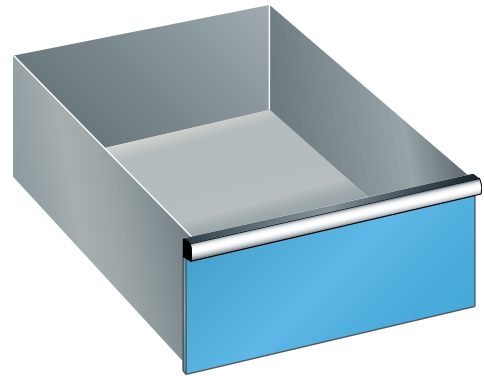

Storage with drawers: Storing small parts in drawers not only has the advantage of providing optimal protection against dust and contamination compared to shelf storage, but it also saves space and gives a better overview. A handle allows you to see the contents of the entire drawer, while on a shelf you may have to slide objects aside or reach over them.

Execution:

- Full extension: maximum horizontal space utilisation, full overview, optimum access
- Drawer protection standard: Standard version including single drawer lock

Advantage:

- Drawer sides and rear walls at the heights of the fronts
- With folding handle strips
- Smooth and low-noise closing

Art. no.	50302 128
Brand	LISTA
Manufacturer Part Number	72.021.010
Drawer front height	200 mm
Drawer width (inner dimension)	450 mm
Drawer depth (inner dimension)	450 mm
Gross Weight	20.000 kg
Product Group	5AN
