

PIG® Grippy® safety message floor mats for distancing

These adhesive-backed mats provide a secure, non-slip surface for walking and standing that conveys social distancing and hygiene messages without damaging your floors

Application:

Perfect for clearly conveying and managing COVID-19-related distancing and queuing measures on your premises.

Execution:

- Highly visible—high-contrast printing helps to communicate important safety information.
- Absorbent layer takes up liquids and draws them away from the centre of the mat
- Interwoven fibres catch dirt and fine particles, preventing their spread
- Tested and certified (by NFSI)
- classified as slip-resistant R13 as per DIN51130 – suitable for use in work rooms and work areas with an increased risk of slipping due to grease, oil, food, debris, dust, flour, paint residues etc
- tested in accordance with BS 7976-2:2002+A1:2013, with proven low slip potential, both in wet and dry conditions
- complies with fire protection class Bfl-s1 in accordance with the requirements of BS EN 13501-1
- Adheres to the most common commercial floor surfaces, including: Concrete, vinyl and ceramic tiles, natural stone slabs and linoleum
- Easy cleaning: Simply sweep, wipe, vacuum or clean with wet vacuum cleaner or floor cleaner – the mat will not slide

Advantage:

- Absorbs moisture, catches dirt and prevents slips, trips and falls
- No need to remove when disinfecting floors—the mat and markings can withstand regular cleaning
- The adhesive developed by New PIG keeps the mat fully fixed to the floor but enables it to be removed easily—no floor cleaning required
