A photograph of three young people, two men and one woman, smiling and looking at a smartphone together. They are outdoors, possibly near a vehicle, as indicated by the window frame in the background. The man on the left has a beard and is wearing sunglasses. The woman in the center is wearing a headband and sunglasses. The woman on the right has curly hair and is wearing sunglasses. The image has a purple overlay on the bottom half where the text is located.

WHO IS iSimple?

We are an army of awesomeness who's been keeping you connected on the go since 2007. Today, iSimple packs a full line of connectivity, that makes not only your car more rad, but also powersport vehicles, and even your snazzy boat.

iSimple is more than a brand, we have our own set of values, attributes and aesthetics that reflect our passion for integration, while on the go. Built on a commitment to innovation, we connect people to their digital world, no matter where they are or where they are going. iSimple has all the products you need to keep connected to your crazy, adventurous and unpredictable life, so sit back, relax and enjoy your **Freedom to Connect**.

WHY DO YOU NEED US?

We are audio junkies obsessed with cars, technology, design, function and simplicity. We offer the best hands-free calling, music streaming, audio control and charging solutions for the over 11 million older cars on the road today that don't have the latest bells and whistles, including ours! No AUX? No Bluetooth? No problem! iSimple is the only brand that provides all the products you need for any connected car challenge thrown at you. Above all, our easy to use products enable people to stay connected, save money, and keep the car they love.

- Durable construction
- Fast 2.4Amp charging power
- Great for cars, boats, or ATV's (not waterproof!)
- Aluminum housing provides maximum heat dissipation to ensure longevity of the charger circuit
- Mounts to most steering wheels

AuxWireDM (IS335)

3.5mm Dash Mountable AUX Audio Input Wire

- Dash mountable 3.5mm audio input port (male to female)
- 3.5mm to 3.5mm (male to male) interface connection cable
- 3.5mm to stereo RCA adaptor cable

My car doesn't have Bluetooth!
 I can't talk hands-free while I'm driving!
 My car is missing one of those headset jack thingies!
 I want my phone's music to sound clear through my car's speakers.
 I'd install Bluetooth but I don't want to drill holes in my car's dash.

Sound familiar? iSimple is the only brand you need when your customers have vehicles that are "technologically challenged."

Our products provide your customers with an easy to buy, easy to install, and easy to use experience.

From hands-free calling, to clear, crisp music streaming, to charging and mounts, we let your customer experience more than they ever thought possible in their older car. Installed all on their own, within 60 seconds, and your customer will be off on their next adventure.
