

SILICONE STIFT

Technical Data Sheet

Creation Date 12/07/2018

Version I

An easy to operate Silicone stift, designed to treat and protect rubbers on cars and at home.

Where to use?

CRC Silicone Stift can be used on door and truck seals of vehicles, window seals and sliding frames of electrical operated car windows.

How does it work?

CRC Silicone Stift is easy to apply. It protects against environmental impacts.

What to expect?

The Silicone oil prevents rubber from freezing against metal parts in winter and prevents rubber seals from drying out in summer.

Be prepared

- Before use, carefully read and observe the warning texts on the label.
- Always make sure to have a good ventilation
- Avoid open fire and other sources of ignition in the same room
- Dispose empty cans according to your local legislation.

Help for a good application

- Push the sponge firmly against the parts to treated, until the sponge gets wet.
- Spread the product gently over the surface
- Repeat action if necessary.
- Do not use on energized equipment.
