Easy Fresh: Easily the best room air freshener!

Easy Fresh is the world's only air freshener dispenser that uses the fragranced cover of the dispenser as the air freshener refill itself! Now, instead of unlocking a dispenser, unloading the old refill, loading the new one and replacing the cover, you just take off the old cover and replace with a FRESH one!!

Easily the best:

Each cover is composed of a unique material containing twice as much fragrance as most other air fresheners which is released over 30 days.

Easily Eco-friendly:

Each Fresh refills are 100% recyclable and VOC compliant. Manufactured with over 50% less energy than typical plastic or steel containers.

Easily Freshens the air better:

Continuously freshens for 30 days so you don't have the peaks and valleys (or the spritzing showers!) of metered aerosols.
