

Bandsaw blades, bi-metal, bulk stock, type UNI MAX 10°

Universal series use -1300 N/mm² medium cross-sections, thick-walled solid material pipes

ATORN

Application

Cutting of solid material, beams and profiles with medium cross-sections in steel, stainless steel, cast iron and non-ferrous metals.

Advantage

- Positive tooth geometry ensures a soft cut with a long service life on production bandsaws.
- Microfinishing technology ensures a long service life and reduces the running-in of bandsaw blades.

Art. no.	14053 071
Width x thickness	67 x 1.6 mm
Number of teeth per inch	2/3
