

Two-arm puller with key operation

With self-centring pullers

Application:

For universal use for extracting ball bearings, bearings, gear wheels.

Execution:

- For key actuation

Advantage:

- AUTOGRIP technology: automatic self-clamping, self-locking and self-centring of the pullers
- Integrated spring mechanism causes the clamping force to increase proportional to the pulling force
- Slim design makes it possible to work in hard-to-reach areas

Art. no.	55001 240
Brand	KUKKO
Manufacturer Part Number	482-5
Max. clamping width	250 mm
Max. clamping depth	250 mm
Gross Weight	1.899 kg
Product Group	5JA

EAN

4021176480171
