

ESD Polyimide Tape

2010EC137

2010EC138

Description:

ESD Polyimide tape (PI tape) uses polyimide film as materials, it features a high performance adhesive tape for antistatic function, used in packaging products that are static sensitive and require EMI shielding and protect as well.

Features

Excellent static shielding and anti static effects.
Reliable ESD protection.
Electronic products anti static protection.

Applications

Packaging requiring EMI Shielding
Sealing ESD packaging and containers
Secure (bundle) IC DIP tubes

Specification:

Material: Polyimide film with silicone adhesive backing
Color: Amber
Rupture elongation factor: 60%
Tensile strength: 4.5kg/cm²
Heat resistance temperature: 80°C
Surface Resistance: 10⁶-10⁹Ω

Item Number	Thickness(mm)	Width(mm)	Length(m)
1903EC137	0.05	10	33
1903EC138	0.05	20	33
