## TE Connectivity

Product Change Notification: PCN-21-113403

PCN Date: 27-SEP-21

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

**General Product Description:**

2.5MM PIN HOUSING, 2-4POS. ASSY. and 1.5MM PIN HOUSING, 5-7POS. ASSY.

**Description of Changes**

The Industrial and Commercial Transportation business unit of TE Connectivity is approving an alternate 2nd source material for the DIN PIN Connector assemblies with part number(s) listed below. The 2nd source is a PBT GF20 similar to the current material used in production for the housing component. These PNs are TE proprietary designs, therefore considered catalog/general market product. PPAP and/or sample requests must be submitted within 14 days of PCN submission via ict-ppap-request@te.com or ePPAP system. Submission will not occur without request. If PPAP is requested, a disposition response is required within 14 days of the submit date or it will be considered approved. Customer product drawing(s) are not affected by this change.

**Reason for Changes:**

Due to the recent resin shortages due to force-majeure; we hereby inform you of our decision to use an alternate 2nd source PBT GF20 material for the products mentioned within this notification. The alternate material being similar in type with the currently used in production does not impact fit, form and function and parts made of this material are interchangeable with the existing design assemblies. IMPORTANT: There is no part revision increase for this change at the sales assembly level.

**Estimated Dates:**

Last Order Date (Obsolete Parts Only):

First Date To Ship (Changed Parts Only):

13-SEP-2021

Last Ship Date (Obsolete Parts Only):

Last Date for Mixed Shipments: (Changed Parts Only):

13-DEC-2021

**Part Number(s) being Modified:**

Part Number	Part Discontinued per PCN	Customer Drawing	Alias Part Number(s)	Substitute Part Number	Substitute Alias Part Number(s)	Description Of Difference
