Description and Purpose:

The full reel quantity of affected parts will be increased from 3000/reel to 5000/reel in order to allow customers to improve manufacturing efficiencies by reducing the reel change frequency. There is no change to form/fit/function of the manufactured product, or to the reel packing/packaging materials. The product datasheet has been updated to reflect the quantity/reel change. Minimum order quantities have also been updated accordingly.

Product assembled and packaged prior to the cutover date will be ordered and shipped in the original 3000/reel quantities.
