

INKA compressed wood pallet

Pest-free

Application:

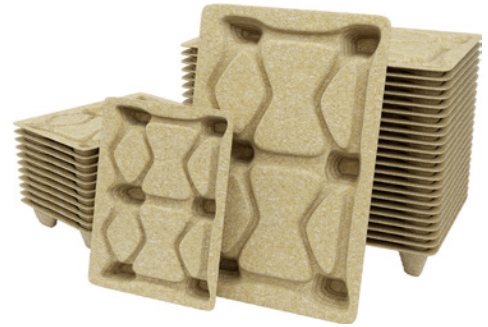

For storing, sending or as a display pallet, as an alternative to a wooden pallet, compatible with stretching and shrinking. Highly suited to exports and for use as air freight.

Execution:

- Moulded pallets, over 85% wood and max. 15% urea resin
- Consistent quality, manufactured to precise dimensions
- No risk of injury from nails or screws
- No export processing required

Advantage:

- Easily stackable and nestable
- Insertion from all sides
- Low weight

Art. no.	50264 160
Manufacturer Part Number	10804-164
Length	600 mm
Width	400 mm
Load-carrying capacity	250 kg
Material	Press board
Colour	Wood colours
Number of pieces per packet	10 PCS
Gross Weight	25.000 kg
Product Group	586
