

Cemented carbide milling bit

Shank diameter: 3mm

Application:

For deburring, roughing, finishing work and post-processing on cast parts, roughly machined workpieces or welding seams - can be used in hand-guided or on stationary machines.

Art. no.	76008 146
Brand	BIAX DRUCKLUFT
Manufacturer Part Number	001952021
Form	Ball shape
Cutting edge length	2.8 mm
Length	38 mm
Serration type	63
Model	TCD 0303
DIN	8033
Gross Weight	0.006 kg
Product Group	761
