

Cemented carbide milling bit

shaft diameter 6mm

Application:

For deburring, roughing, finishing work and post-processing on cast parts, roughly machined workpieces or welding seams - can be used in hand-guided or on stationary machines.

Art. no.	76011 736
Brand	BIAX DRUCKLUFT
Manufacturer Part Number	001952254
Form	Conical pointed
Cutting edge length	20 mm
Length	65 mm
Serration type	63
Model	TCI 1006
DIN	8033
Gross Weight	0.021 kg
Product Group	761
