

## Euronorm stacking container

Made of polypropylene

### Application:

Storage, picking and transport container

### Version:

- Stable plastic containers in Euro dimensions, made of unbreakable polypropylene which is safe for foodstuffs and is 100% recyclable , with smooth base
- High carrying comfort due to ergonomically rounded open grips on the front sides (except for height 120 mm)
- Document holder integrated on all sides
- High stacking safety thanks to surrounding stacking border
- Resistant to many acids and lyes

### Advantage:

- Ideal for use on conveying and roller tracks thanks to rounded corners and flat bases, container dimensions tailored to Euro pallet, large internal volume thanks to optimal side wall design, easy cleaning due to closed design with smooth bases and walls

<b>Art. no.</b>	<b>50059 290</b>
