Floor Graphic Markers - With text

- High visibility graphic floor signs with text
- Safety signs for the floor or wall
- Large 430mm diameter
- Highlights warnings or special requirements

A range of eye-catching, highly visible, floor signs which will highlight warnings or special requirements. Printed on the underside of a tough clear plastic film and laminated with an aggressive adhesive, means that these signs can be used in a busy industrial environment. Available from stock with 38 standard designs, however, bespoke signs can also be produced when required.

Although originally designed for use on the floor they can also be used on walls or other surfaces provided that they are dry, clean, flat and sealed.
