Data Sheet Change:

- Yes No

Attachment:

- Yes No

Description and purpose of change:

In order to enhance the product reliability, Würth Elektronik will be adding margin tape to the last winding of the part numbers listed below. All products with date code shown below, or later, will be affected by this change.

Part number	Date code YYYY-MM-DD
760871113	2022-03-30
760871135	2022-03-15
760871142	2022-04-15
760871534	2022-03-30
760871543	2022-04-30
760875112	2022-04-15
760875131	2022-07-20

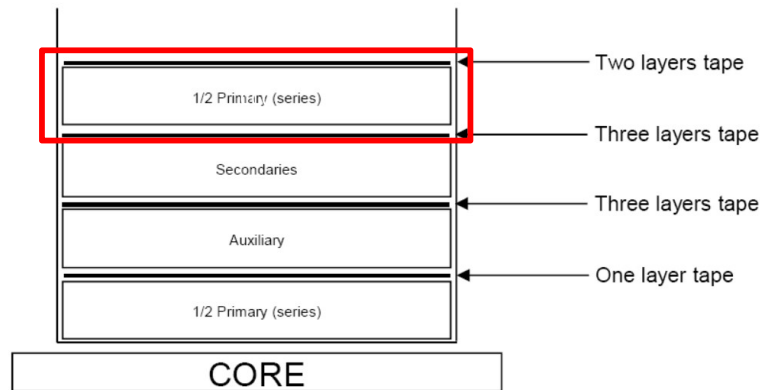

There will be no change in fit, function, or quality of the product.

Detail of Change:

The addition of margin tape will be added to the last winding on the pin 1-6 side of the product. The margin tape will be either WF-2901 or PF-301-2L from JINGJIANG YAHUA PRESSURE SENSITIVE GLUE CO.,LTD (E165111). Please see the table below showing what parts will use WF-2901 or PF-301-2L. Please see below and on the next page the general winding build and photo of the tape addition. Attached to the email is the UL construction files and winding builds for each part number if needed.

Part number	Tape used
760871113	WF-2901
760871135	WF-2901
760871142	WF-2901
760871534	WF-2901
760871543	WF-2901
760875112	PF-301-2L
760875131	PF-301-2L

Before the addition of margin tape.

After the addition of margin tape.

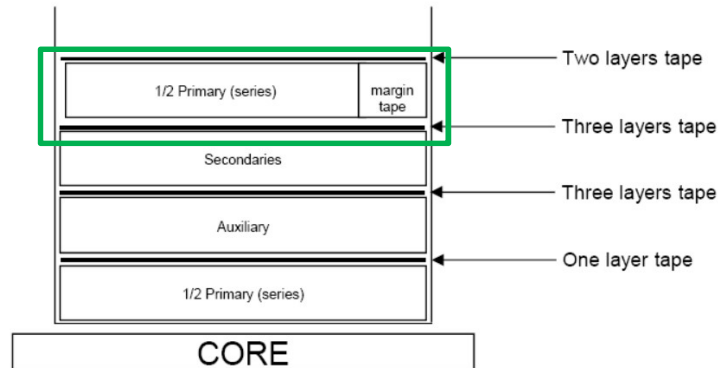

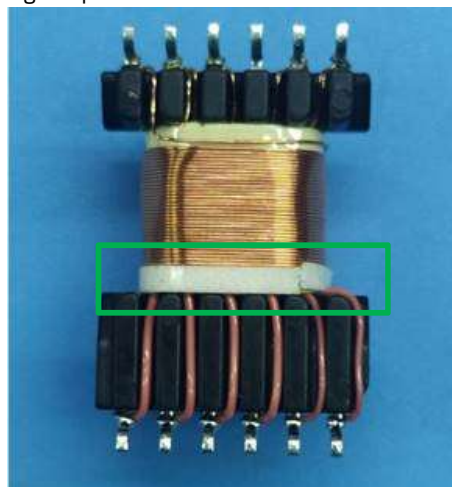

Photo example of the addition of margin tape.

Reliability / Qualification Summary:

Product approval is according to the specification criteria and is internally released by the Product Management Department.
