

21-Dec-2018

**PCN #:**E-18-019905

**Subject:**0410 63 and 0410 83 relay

**Description of Change:** 0410 relays' coil pins are currently provided with a knurled surface to ensure enough pin push-out strength during handling with the relay. This knurl will be removed as there is still enough pin push-out strength without the knurled surface. To ensure traceability modified product can be identified by date code.

**Reason:** Product Improvement. Dear Customer, you are receiving this notice because TE Connectivity has record of you purchasing a part or multiple parts on the list below. These parts are affected by the change mentioned above!

**Key Dates:**

**Contact By Date:**25-Feb-2019

**Implementation Date:**25-Feb-2019

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
