

Digital vernier caliper

ABS horizontal IP66

Mitutoyo

Application:

Suitable for positioning and measuring tasks, e.g. for equipment, machine tools, etc.

Execution:

- HOLD (measured value storage)
- ABSOLUTE system for reliable measurement
- Origin (measurement presetting)
- Preset function
- IP66

Advantage:

- High measuring accuracy even at high traversing speed
- Large numbers make it easy to read the readings

Delivery:

Battery included in delivery

Art. no.	32027 073
Brand	MITUTOYO
Manufacturer Part Number	572-602
Min./max. length measuring range	0-200 mm
Data transmission type	DIGIMATIC
Error limit	0.03 mm
IP protection class	IP 66
Length	311 mm
Display	Digital
Repeat accuracy	0.01 mm
Digit increment	0.01 mm
Functions	Absolute function, Origin (Dimension preset), ABS function
Number of rechargeable batteries/batteries	1 PCS
Battery designation	1,5 V SR44
Gross Weight	0.380 kg
Product Group	3MA

EAN
