

Pipeline brush with knotted wire

X-Lock

Application:

Optimal application for heavy brushing work in pipeline and tank construction

Execution:

- With X-LOCK mount for convenient and fast tool change
- Aggressive brushing effect due to high rigidity of the wire knots

Advantage:

- Optimum reaching of hard-to-reach spots such as root welding seams due to extremely narrow design

Art. no.	76020 045
Brand	PFERD
Manufacturer Part Number	4007220119136
Design	Braided
Material of edging	Steel
Head diameter	125 mm
Wire diameter	0.5 mm
Number of braids	48
Max. rotation speed	12500 rpm
Connection thread	X-LOCK
Bore diameter	22.23 mm
Gross Weight	0.371 kg
Product Group	6AB

EAN

4007220119136
