Individual cable lengths are often required nowadays. In order to meet these demands, Weidmüller offers a wide range of plug-in connectors for custom assembly. In special-purpose machine engineering, certain applications require two different lengths of cables which are routed to a single plug-in. To resolve this problem, we offer customisable male plugs and female sockets with two cable outlets. The miniature twin plug comes with a 90° outlet and a straight outlet. The angled version can be rotated as required at 90° intervals.

General ordering data

Type	SAIB-ZW-MT
Order No.	1878490000
Version	Protected component assemblies, Sockets prefabricated to customer spec., Plugs prefabricated to customer spec.
GTIN (EAN)	4032248471225
Qty.	1 pc(s).
